Foreword

PEFC, the Programme for the Endorsement of Forest Certification, is a worldwide organisation promoting sustainable forest management through forest certification and labelling of forest and tree based products. Products with a PEFC claim and/or label deliver confidence that the raw material originates in a sustainably managed forest.

This document replaces the document of 2015 on the issuance of PEFC Logo use licenses by Estonian Forest Certification Council.

This document provides guidance on the issuance of the PEFC trademarks usage licences in compliance with PEFC ST 2001:2020, Trademarks Rules – Requirements, and PEFC ST 2002:2020, Chain of Custody of Forest and Tree Based Products - Requirements.

Licence holders belonging to Group A, B and D have until the 14 August 2022 to sign the new PEFC trademarks usage contracts that will replace their current PEFC logo usage contracts, in order to comply with this document as well as with the respective standards mentioned above. Chain of custody certified entities have until 14 August 2023 to sign new PEFC trademarks usage contracts once they get certified against the 2020 version of PEFC ST 2002:2020, Chain of Custody of Forest and Tree Based Products - Requirements, and PEFC ST 2001:2020, PEFC Trademarks Rules - Requirements.

Introduction

The PEFC trademarks provide information relating to the origin of forest and tree based products in sustainably managed forests, recycled and other non-controversial sources. Trademarks information drives purchasers and potential purchasers to choose products based on environmental, as well as other considerations.

In Estonia, the PEFC trademarks can only be used based on a PEFC trademarks usage licence issued by the Estonian forest Certification Council (hereinafter: EFCC).

1. Scope

This document sets out the rules for the issuance of PEFC trademarks usage licences, hereafter “licences”, by the EFCC to ensure legally compliant use of the PEFC trademarks in accordance with the PEFC ST 2001:2020, Trademarks Rules - Requirements.

This document is based on PEFC ST 2001:2020, *Trademarks Rules – Requirements*, guide PEFC GD 1005:2020, *Issuance of PEFC trademarks usage licences by the PEFC Council* and PEFC GD 1004, *Administration of PEFC scheme*.

EFCC is responsible for issuing PEFC trademarks usage licences to organizations operating in Estonia.

The PEFC Council only issues licences to entities located in countries with no PEFC authorised body, or because a licence cannot be issued by the relevant PEFC authorised body, or for any other reasons accepted by the PEFC Council.

All other organisations shall apply to the relevant national PEFC authorised body to obtain the licence.

3. Terms and definitions

3.1 Accredited certificate

A certificate issued by a certification body within the scope of its accreditation that bears the accreditation body’s symbol.

3.2 Endorsement and mutual recognition

The endorsement of a system means that the members of the PEFC Council have determined that the system meets the requirements of the PEFC Council. The endorsement procedure ensures that the members vote on each other’s systems. Therefore, the members of the PEFC Council recognize each other’s systems under the PEFC Council mutual recognition umbrella.

The requirements for the endorsement are described in the PEFC technical documentation PEFC GD 1007, *Endorsement and Mutual Recognition of Certification Systems and their Revision*.

3.3 Forest certification scheme

The set of standards and related procedures necessary to carry out forest certification activities.

Note 1: Estonian forest certification scheme consists of PEFC sustainable forest management standard, PEFC international chain of custody standard, Requirements for Certification Bodies and all other documents necessary to carry out certification activities.

3.4 PEFC authorised body, hereinafter EFCC

The authorised body is an entity that has permission from the PEFC Council to issue **PEFC trademarks usage licences**. In Estonia the authorised body is Estonian Forest Certification Council.

3.5 PEFC National Governing Body, hereinafter EFCC

The PEFC National Governing Bodies (PEFC NGBs) are independent, national organisations established to develop and implement a PEFC **forest certification scheme** within their country. A list of the PEFC NGBs and their contact details can be found at the PEFC website, www.treee.es/pefcnationalmembers. EFCC is the National Governing Body in Estonia.

3.6 PEFC recognised certificate

- a) A valid accredited forest management certificate issued by an EFCC notified certification body against the PEFC Estonia Forest Management Scheme or PEFC Estonia Sustainable Forest Management Standard.
- b) A valid accredited chain of custody certificate issued by a PEFC notified certification body against the PEFC International Chain of Custody standard or another chain of custody standard that is endorsed by the PEFC Council.

Note 1: PEFC endorsed Estonian **forest certification scheme** and international chain of custody standard are found at the EFCC website www.pefc.ee.

Note 2: In case of a group or multi-site certificate where it is confirmed in a separate document, such as an appendix to the certificate or a sub-certificate, that a site or a group participant is covered by the certificate, the separate document and the certificate together are considered the site's/participant's PEFC recognised certificate.

They are made publicly available on the PEFC websites (PEFC Council website and EFCC websites), and PEFC may share them with third parties limited to and exclusively for certification purposes. These data are indispensable to ensure the PEFC certification scheme operations, such as to trace validity of **trademarks usage licences** and certified products, by consumers and third parties.

6.2. Personal data on trademarks users are kept public for a duration of five (5) years after the end of the trademarks usage licence validity. Data will then be stored in an in-house database in order to keep track of the licences. Upon request, the PEFC Council and EFCC may provide trademarks users with information about the personal data it holds. Trademarks users have the right to access or verify their personal data and to have them modified, corrected or deleted at any time. If the trademarks users would like to exercise one of these data protection rights, they can contact EFCC at info@pefc.ee.

6.3. By signing the **PEFC trademarks usage contract**, the trademarks users agree to this data treatment procedure. In case the trademarks users do not want this information to be publicly available, the **PEFC trademarks usage licence** shall be cancelled.
